Validation and test

Engineering

- Founded in 1989
- HQ in Kirke Værløse
- A/S in 2007
- 20 dedicated employees
- No BSB

“
Disse sikkerhedssko fik vores medarbejder udleveret som nye af kunden ved starten af en 14-dages opgave. 2 1/2 år senere sad konsulenten stadig hos kunden fordi det han leverede var i topklasse og opfyldte alle forventninger fra kunden. Det er nok unødvendigt at nævne at arbejdet foregik ved maskinen...

”

- **Documentation**
 - (Master) Validation Plans
 - User Requirements Specifications
 - Design- and Functional specifications
 - Design Qualifications
 - Standard Operating Procedures
 - Structuring the documentation process
